

**Sign up for MediSecure®
Electronic Prescriptions
It's free for Doctors!**

E-prescriptions are sweeping the nation and are an exciting step forward for patient care in Australia.

The RACGP recognises the importance of e-prescriptions and encourages medical practitioners to sign up and use MediSecure®, the secure and simple e-prescription solution.

MediSecure® uses proven technology to receive prescriptions electronically from doctors and store them securely encrypted in the MediSecure® Script Vault® before they are downloaded by a patient's chosen pharmacy when the paper script is presented.

The system is easy to use and improves patient medication safety.

ArgusConnect has negotiated a great deal with MediSecure® to assist practices already using Argus clinical messaging to:

- join the e-prescription revolution now ; and
- save on essentials for meeting PIP e-Health requirements or save on professional membership costs for your practice manager.

For more information about MediSecure® go to www.medisecure.com.au

\$50 PER DOCTOR REBATE

If your practice signs up by 7 October, MediSecure® will provide your practice with a \$50 voucher for each practitioner that uses MediSecure® to send scripts for at least 6 months.

Vouchers can be redeemed, on presentation of your invoice(s) to MediSecure®, against the following new subscriptions:

- ArgusConnect annual Priority Support fee
- RACGP Practice Manager Affiliate fee for the 2010-2011 year
- Australian Medicines Handbook online licence
- Therapeutic Guidelines licence (eTG only)
